

AFR Learning Objectives & Curriculum Mapping
African Studies Program—MINOR

Learning outcomes (LOs): Having completed a Minor in African Studies:

1. Students will develop a critical understanding of Africa's geography and diversity
2. Students will be exposed to a variety of primary and secondary sources related to Africa, and which present a multi-disciplinary perspective.
3. Students will identify and describe major patterns and processes in the African past.
4. Students will examine and analyze topical issues relevant to life in contemporary African settings.

Key: I = introduces outcome; D = develops outcome; A = assesses mastery of outcome
